Messrs. Mortimer & Moubray: Gents: Last September I was attacked with erysipelas, from which a dreadful ulcer formed on my right leg. Getting better of this, last November I took a deep cold, which led to what my physician told me was billous pleurisy, which left me with a constant, deeply-seated, and painful cough, having no rest day or night, and constantly throwing up from my lungs a thick matter. I became much emaciated, growing weaker every day, and keeping my bed the greater part of the time. My friends thought I had the consumption, and at times I was also of the same opinion. At this stage of my disease, after having tried many and various remedies, without success, a friend advised me to try DR. HAMPTON'S VEGETABLE TINCTURE, and procured me a bottle, which I now pronounce the greatest medicine I ever took. Before I had taken half the contents of one bottle I felt much improved; and now, having taken but two bottles, my cough and pains have entirely left me, and I am enabled to attend to business. I can truly say that, with the blessing of God, I have been restored to the health I now enjoy by the use of this most invaluable medicine. Yours,

NORTHAMPTON CO., April 13, 1852.

Messrs. Tyler & Adair: I have been afflicted with Rheumatism, at times, from my twelfth year; I will be fifty years of age the 18th of this month; the attacks were at times so severe as to render me helpless; I have tried various remedies to very little effect. Last October I was attacked in my shoulders, sides, back, and hips; I could not rest, day or night; I could not move any part of my body without crying with pain; at this time I also tried many remedies, internal and external, without receiving any relief; I was at last advised to try HAMPTON'S VEGETABLE TINOTURE; before I had taken one bottle of which I felt much better, and as I continued taking it I felt strength coming into my back and limbs, and my stomach strengthened and revived every way; I have taken five bottles, and am much better than I ever expected to be. I intend to use it whenever I need it, and would recommend it to the afflicted, believing it unequalled. Yours, ELIZABETH BAGWELL.

Mr. J. E. Boush—Dear Sir: While I am in general opposed to Patent Medicines, candor compels me to state that lave great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family, and in Dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

KRAUSER'S PATENT CLOVER-SEED HAR-

KRAUSER'S PATENT CLOVER-SEED HARVESTER
IS REFORE THE PUBLIC FOR THE FIRST TIME!
I'S utility is beyond comparison with any other farming
implement now in use. It takes the seed from the field,
leaving the straw or grass all standing. It weighs two hundred and fifty pounds, is drawn by one horse, and gathers
from ten to twelve acres per day. The fingers, or teeth,
catch all the heads, the revolving knives cut them off and
throw them back into the box, which will cross a twentyacre field without emptying. The heads are then loaded
into a wagon and taken directly to the mill for cleaning,
thus diminishing the labor three-fourths, and saving all the
seed. This machine comes so low that every furmer will
have it, and pays the manufacturer 300 per cent.
E. WHEELER, Agent for Washington.

We, the undersigned, do certify that we have seen Mr. Krauser's Patent Clover Harvester in operation, and it has given perfect satisfaction. It has gathered many of the farmers' clover in this neighborhood—it is all that Mr. Krauser and his bills represent it to be. The farmers have given one-half for gathering and threshing.

This is to certify that Mr. G. J. Naylor has gathered clove off of a sixteen-acre field of mine, which has been pasture two months with ten head of cattle, and it produced si bushels and a half and one peck of seed. I gave him two thirds for gathering and cleaning. I think his machine i first-rate, and answers all the purpose that is intended.

KRAUSER'S PATENT CLOVER-SEED HARVESTER. We have conversed with a number of Farmers, and they are of opinion that there are at least 3,000 acres in each township in Camden or Gloucester county, New Jersey. Admitting there are but 1,000, it is said that each acre will yield from 1½ to 3 bushels. Reducing it to a certainty of yielding but 1 bushel per acre, what will it cost to gather and thresh 1,000 acres.

Perhaps no invention offers greater inducements for a profitable investment than the Harvester. For an enterprising young man, of good business habits, a large sum of money could without doubt be realized from the sale of rights in the different States of the Union not yet disposed of. By calling at this office, it can be demonstrated satisfactorily that men of moderate capital could not choose a better or more money-paying business.

Mexican Mustang Liniment!

READ the following proof of what we have long asserted, vir: that the Mustang Liniment is the pan non of all external remedies ever before offered t

afflicted:

"Wm. M. Johnston, No. 112 Second street, Pitisburg, says that he had a severe attack of Rheumatism in his right hip; after suffering some ten days, the left hip also became at facted, and he was obliged to 'lay up.' The pain was constant and excruciating. He had heard of the wonderful effects of the Mustang Liniment in Rheumatism, and determined to try it. One small bottle, thoroughly applied, performed a perfect cure! B. H. Meakings, 189 Walmut street, Cincinnati, was confined to his bed and under treatment of a physician some six weeks with Neuralgia of the whole of his right side, leg, arm, and face. His sufferings were indescribable, and the only cessation from the most agonizing pain was while under the influence of oplum or morphine. His doctor finally advised him to try the Mustang Limment; he did so, and in two days was able to go about his business, perfectly cured."

dector finally advised him to try the Mustang Liniment; he did so, and in two days was able to go about his business, perfectly cured."

"The Lame Made to Wale.—About the first of April I cut and laid open the fore finger of my left hand, through the bone and across the second joint, nearly dissevering it from the hand, being about two-thirds off. I was fearful that I should lose the use ofmy finger forever; but I bound it up with the Mexican Mustang Liniment, and it soon healed up, and is now perfectly well, though somewhat scarrified. I used nothing but the Mustang Liniment.

"About one week ago I had the misfortune to cut the cap of my left knee in two with the sharp corner of an axe. The cap was split asunder, and for a day or two I could not use my leg at all, and I was afraid that I would lose its use forever. The cap was cut and cleft to the joint with a deep and alarming gash, and it gave me great pain and uneasiness, lest I should be entirely deprived of the use of my leg. I applied the Mexican Mustang Liniment, and that alone, in both of the above cases, and I am now quite well, except the cap of my knee is a little swollen, and is tender about the cut, which is healed up and shows a fresh red appearance of about one inch and a half in length and a quarter of an inch in width, but gives me no inconvenience whatever. "I walked fifteen miles yeisterday out of the thirty miles from the place where I live near the Sulphur Springs, in Jefferson county, and feel able to walk as many more today. My recovery has been so wonderful that I feel it my duty to make it public, that the world may know the value of the Mexican Mustang Liniment. AARON ROSE.
